RESULT

NOTHING FOUND

We searched the Tea app, the main AWDTSG group for your city, and the open web for your photos. We found no posts, reviews, or reused images matching your name, photos, or details.

A clean result is a real result. It's the answer most men are hoping for, and it's worth having in writing.

RESEARCHER'S NOTE

We searched each platform by photo first, then by first name and age, then by your handles. Nothing matched anywhere. If you move, start dating in a new city or change your profile photos, a new check will reflect that.

SECTION 02
